A MESSAGE FROM OUR CHAIRMAN

Dear Shareholders,

I am very pleased to share with you that Athena Global Technologies Limited has delivered yet another strong performance in fiscal year 2016. This is despite the macroeconomic challenges we faced in many of our geographies. Overall, we continue to outperform in the IT sector that we participate in. This positions us well to achieve our ambitious growth aspirations of becoming an emerging markets leader.

This is a very exciting time for our company. We are driving a relentless focus on our strategy, and investing strategically in creating new growth vectors for the future, while continuing to drive our core to full potential, ensuring execution excellence and building on our agile and high performance culture. We believe that this is what differentiates us and allows us to continue to innovate and delight our clients across the world with superior quality and world-class services.

.....Thank you
M. Satyendra

f) Change in the Management:

There will not be any change in the management control of the company on account of this proposed preferential allotment except change in shareholding pattern as well as voting rights.

g) Lock In Requirements:

The shares to be allotted on preferential basis shall be subject to lock-in as per applicable SEBI regulations in this regard.

h) Auditors' Certificate:

M/s. M. Anandam & Co., Chartered Accountants have certified that the preferential issue is being made in accordance with the requirements contained in SEBI (ICDR) Regulations, 2009. A copy of the certificate is kept for inspection at the Registered Office of the Company during the business hours.

i) Relevant Date:

Relevant Date for the purpose is 30th August, 2016 which is the date 30 days prior to the date of AGM (being the day preceding the weekend/holiday) where this resolution is being considered for approval.

j) Basis or Justification of Price:

As per Regulation 76 of SEBI (ICDR) Regulations, 2009 there are separate basis for calculation of Price for Preferential issue for Frequently Traded and Infrequently Traded.

As per Regulation 71A of SEBI (ICDR) Regulations, 2009 Frequently Traded Shares means shares of an issuer, in which the traded turnover on any stock exchange during the twelve calendar months preceding the relevant date is at least 10% percent of the total number of shares of such class of shares of the issuer.

The Traded turnover of Athena Global Technologies Limited on BSE Limited is more than 10 % so the company will come under the category of Frequently Traded Shares and the shares of the company has listed more than twenty six weeks in the recognized stock exchange.

Pursuant to Reg. 76 of SEBI (ICDR) Regulations, 2009, if the equity shares of the issuer have been listed on a recognized stock exchange for a period of twenty six weeks or more as on the relevant date, the equity shares shall be allotted at a price not less than higher of the following:

- (a) The average of the weekly high and low of the volume weighted average price of the related equity shares quoted on the recognized stock exchange during the twenty six weeks preceding the relevant date; or
- (b) The average of the weekly high and low of the volume weighted average prices of the related equity shares quoted on a recognized stock exchange during the two weeks preceding the relevant date.

k) Undertaking to re-compute the Price of Equity Share:

The Company undertakes to re-compute the price of the Equity Shares, if at all required, in terms of provisions of these regulations where it is required to do so

1) Undertaking to put under lock-in till the re-computed price is paid:

The Company undertakes that if the amount payable on account of the re-computation of price is not paid within the time stipulated in these regulations, the specified equity shares shall continue to be lock-in till the time such amount is paid by the allottee(s).

None of the directors or Key Managerial Personnel and their relatives is concerned or interested (financially or otherwise) in this Resolution except Mr M Satyendra and Mrs. M. Sunitha

MANAGEMENT DISCUSSION & ANALYSIS

MANAGEMENT DISCUSSION & ANALYSIS

INTRODUCTION:

In 2015, global economic activity remained subdued, with world output slowing down further to 3.1%. Emerging markets and developing economies grew 4%, a year-on-year deceleration for the fifth consecutive year. Steep falls in oil prices, continued weakness in commodity prices, a slowdown in China and deep recessions in some large emerging market economies more than offset strong growth in India and some of the ASEAN economies. Developed economies which are key markets for information technology (IT) services grew a modest 1.9% in aggregate – US (2.4%), UK (2.2%), Euro Area (1.6%) and Japan (0.5%), hampered by weak demand, unfavorable demographics and low productivity growth. This was the weak macroeconomic backdrop against which large global corporations sought to become efficient even as they used technology to fend off business model challenges, establish competitive differentiation, show revenue & earnings growth and stay compliant in a shifting regulatory landscape.

India is the world's largest sourcing destination for the information technology (IT) industry, accounting for approximately 67 per cent of the US\$ 124-130 billion market. The industry employs about 10 million workforces. More importantly, the industry has led the economic transformation of the country and altered the perception of India in the global economy. India's cost competitiveness in providing IT services, which is approximately 3-4 times cheaper than the US, continues to be the mainstay of its Unique Selling Proposition (USP) in the global sourcing market. However, India is also gaining prominence in terms of intellectual capital with several global IT firms setting up their innovation centers in India.

The IT industry has also created significant demand in the Indian education sector, especially for engineering and computer science. The Indian IT and ITES industry is divided into four major segments – IT services, Business Process Management (BPM), software products and engineering services, and hardware.

The IT-BPM sector which is currently valued at US\$ 143 billion is expected to grow at a Compound Annual Growth Rate (CAGR) of 8.3 per cent year-on-year to US\$ 143 billion for 2015-16. The sector is expected to contribute 9.5 per cent of India's Gross Domestic Product (GDP) and more than 45 per cent in total services export in 2015-16.

OVERVIEW OF THE INDUSTRY:

The global market for outsourced IT – business process management (BPM) services grew a mere 0.4% over the prior year to \$1.2 trillion. Within this, IT services registered a small decline of 0.2% year-on-year while package implementation grew 0.2% over the prior year and BPM grew 3% over the prior year. Sharp cross-currency movements during the year diminished the non-dollar denominated components of the global market when reported in USD. In terms of the drivers of growth, the relentless quest for efficiency continued in fiscal 2016, with management teams taking a more strategic approach to structural cost take out. Digital technology adoption progressed apace, with early projects delivering better than anticipated outcomes and resulting in larger and more ambitious digital re-imagining programmes taking wing. Some industries saw additional spending triggered by regulatory compliance activities.

India is the topmost off shoring destination for IT companies across the world. Having proven its capabilities in delivering both on-shore and off-shore services to global clients, emerging technologies now offer an entire

new gamut of opportunities for top IT firms in India. Social, Mobility, Analytics and Cloud (SMAC) are collectively expected to offer a US\$ 1 trillion opportunity. Cloud represents the largest opportunity under SMAC, increasing at a CAGR of approximately 30 per cent to around US\$ 650-700 billion by 2020. The social media is the second most lucrative segment for IT firms, offering a US\$ 250 billion market opportunity by 2020. The Indian e-commerce segment is US\$ 12 billion in size and is witnessing strong growth and thereby offers another attractive avenue for IT companies to develop products and services to cater to the high growth consumer segment.

MARKET SIZE:

The Indian IT sector is expected to grow at a rate of 12-14 per cent for FY2016-17 in constant currency terms. The sector is also expected triple its current annual revenue to reach US\$ 350 billion by FY 2025.

India ranks third among global start-up ecosystems with more than 4,200 start-ups. India's internet economy is expected to touch Rs 10 trillion (US\$ 146.72 billion) by 2018, accounting for 5 per cent of the country's GDP. India's internet user base reached over 400 million by May 2016, the third largest in the world, while the number of social media users grew to 143 million by April 2015 and smart phones grew to 160 million.

Public cloud services revenue in India is expected to reach US\$ 1.26 billion in 2016, growing by 30.4 per cent year-on-year. The public cloud market alone in the country was estimated to treble to US\$ 1.9 billion by 2018 from US\$ 638 million in 2014. Increased penetration of internet (including in rural areas) and rapid emergence of e-commerce are the main drivers for continued growth of data centre co-location and hosting market in India. The Indian Healthcare Information Technology (IT) market is valued at US\$ 1 billion currently and is expected to grow 1.5 times by 2020. India's business to business (B2B) e-commerce market is expected to reach US\$ 700 billion by 2020 whereas the business to consumer (B2C) e-commerce market is expected to reach US\$ 102 billion by 2020.

OPPORTUNITIES, THREATS, RISKS AND CONCERNS:

India has been and remains the most favored offshore location for Technology Services. India is ranked at the top, ahead of China, Czech Republic and Philippines for offshore IT services.

USA is the biggest market for Indian Software and BPO Industry. However, due to economic slowdown, it has cut down expenditure on technology drastically. According to the PwC Global 100 Software Leaders report, India ranks fifth among the emerging markets based on revenues. The IT/ ITeS sector has led to employment opportunities, both direct and indirect, of nearly 2.8 million and around 8.9 million respectively. This growth is expected to increase to more than 14 million (direct and indirect) by 2015 and to around 30 million by 2030. Risk management is an important aspect of our lives. We are exposed to risks, both in terms of threats to service provision and from the potential of lost opportunities. It is essential that of late, businesses should continue to demonstrate their unswerving commitment to consider implications arising out of the potential risks to meet client requirements and maintain their faith in the Operational Excellence of their teams and service providers. The International Monetary fund had projected slow growth in the advanced economies between 2012 - 2017. ATHENA GLOBAL focuses on IT core activities i.e., enterprise information management, enterprise integration services, Data Ware housing services. Its clients include organizations from various sectors of the economy such as financial, healthcare, oil, and pharmaceuticals, retail, business services, education, IT and government.

GROWTH IN DOMESTIC MARKET:

Due to Currency Volatility, Macroeconomic headwinds and changing technology are likely to pull down growth of Indian Information technology and business process management service exporters to 12-14 percent in 2015-16, according to sector body Nasscom.

This is lower than its growth forecast 13-15 percent for 2015-16. The Export revenue grew 12.3 percent on a reported currency basis in 2015-16 and 13.1 percent on a constant currency basis.

INTERNAL CONTROLS AND THEIR ADEQUACIES:

The Internal Control System comprises of exercising controls at various stages and is established in order to provide reasonable assurance for:

- Safeguarding Assets and their Usage,
- Maintenance of Proper Accounting Records and
- Adequacy and Reliability of the Information used for carrying on Business Operations.

The key elements of the system are as follows:

- a) Existence of clearly defined Organizational Structure and Authority.
- b) Existence of Corporate Policies for Financial Reporting and Accounting
- c) Existence of Management Information System updated from time to time as may be required.
- d) Existence of Annual Budgets and Long Term Business Plans.
- e) Periodical Review of Opportunities and Risk factors depending on the global/Domestic scenario and to undertake measures as may be necessary.

HUMAN RESOURCES / INDUSTRIAL RELATIONS

HUMAN RESOURCES STRATEGY:

The Human Resources (HR) strategy is focused on creating a performance-driven environment in the company, where innovation is encouraged performance is recognized and employees are motivate to realize their potential.

HR is the core of the company, influencing change, building cultures and capabilities. The HR processes are continuously evolving and aligning with the changing business requirements. HR is structured into the specialized business units to enable them respond to the needs of their customers and get more strategic advantage.

FUTURE OUTLOOK

IT industry is one of the fastest growing industries among whole world. Indian IT industry has placed itself in the third position due to domestic as well as international market demand. Though 'IT', a small word but it converts the entire world into a global village. The intensification of IT still lies in phenomenon and fantasy. From the last decade India has became one of the most important offshore destinations amongst the Asia-Pacific region. During 4 to 5 years it increases up to 3 fold and captured the leadership position in the world

market. Indian IT sector acquires 3% of the total global market and it is expected to increase its volume in the next few years. Increase in global technology spending and opportunities created through adoption of disruptive technologies are expected to propel growth in FY2016. NASSCOM expects the industry to clock export revenues of USD 84-87 bn maintaining a growth rate of 12-14 per cent. Domestic revenues will also grow at a rate of 13-15 per cent and are expected to reach INR 1180-1200 bn.

Mr. N. Chandrasekaran, Chairman, NASSCOM, said, “The Indian IT-BPM industry has demonstrated resilience and agility in the recent past year. Technology has today become an integral enabler for growth across all sectors and the industry is continuously evolving and innovating to emerge as a strategic partner to its customers. He further added that, “The thrust is IP led solutions served over multiple platforms that has the customer at the centre of every module, and is transformative in nature.

India is the only country that offers the depth and breadth of offerings across different segment of this industry – IT Services, BPM, Engineering & R&D, Internet & Mobility and Software Products. IT Services is a USD 50 billion sector, BPM is a USD 20 billion sector, Engineering crossed USD 10 billion and Software products, Internet & Mobility are emerging opportunities. Today, existing and new companies are expanding their offerings to build India as the hub for analytics, mobility, cloud, social collaboration and emerging verticals like healthcare and medical devices.

The Company has good prospectus in the Comings financial year and management is confident of getting new projects.

INDEPENDENT AUDITOR'S REPORT

To
The Members of
Athena Global Technologies Limited
(Formerly known as VJIL Consulting Limited)

Report on the Financial Statements

We have audited the accompanying financial statements of Athena Global Technologies Limited (“the Company”), which comprise the Balance Sheet as at 31st March, 2016, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 (“the Act”) with respect to the preparation and presentation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143 (10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, an audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Basis for Qualified Opinion

1. The company has not provided interest in respect of outstanding long term borrowing of Rs.151.85 Lakhs as on 31st March, 2016. The management is in the discussion with the parties of the unsecured loans for reduction / waiver of interest in respect of the above referred amount. The impact on the accounts is not ascertained.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of matters described in the basis for qualified opinion paragraph the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2016, and its Loss and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure A ,statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

Annexure - B to the Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Athena Global Technologies Limited ("the Company") as of 31st March 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external

purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Significant Accounting Policies

The accompanying financial statements includes the accounts of head office in India and overseas branches in USA and UK.

a. Basis of Preparation of financial Statements:

The financial statements of Athena Global Technologies Limited have been prepared on a historical cost basis and is in compliance with the mandatory accounting standards as prescribed under section 133 of Companies Act, 2013(the Act)) read with Rule 7 of the Companies (Accounts) Rules, 2014 as applicable, and the relevant provisions of the Companies Act 2013.

b. Use of Estimates:

The preparation of financial statements is in conformity with generally accepted accounting principles, which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period reported. Examples of such estimates are useful lives of fixed assets, percentage of completion on uncompleted contracts, income taxes, post-sales customer support and provisions for doubtful debts. Actual results could differ from those estimates. The differences between actual results and estimates are recognized in the year in which the results are known / materialized.

c. Revenue Recognition:

Income is recognized on the signing of the agreement for sale in case of domestic sales. In the case of exports, revenue is recognized on completion of the delivery as per terms of relevant agreement or on completion basis whichever is earlier.

d. Fixed Assets:

Fixed assets are stated at cost less accumulated depreciation. Cost includes all direct expenses incurred to bring an asset to working condition for its intended use. Cost also includes financing costs relating to specific borrowing(s) attributable to the acquisition or construction of fixed assets.

e. Depreciation:

Depreciation is provided using the straight line method over the useful life of the assets as prescribed under part C of schedule II of the Companies Act, 2013. Depreciation is charged on a pro-rata basis for assets purchased / sold during the period.

f. Employee Benefit Plans:

Contributions to Provident fund are charged to revenue. The provisions of Payment of Gratuity Act, 1972 are applicable to the Company and provision has been made in the current year on accrual basis.

g. Investments - longterm:

Securities intended to be held for a period exceeding one year are classified as long term investments and are carried at cost, less provisions recorded to recognize any decline, other than temporary, in the carrying value of each investment

h. Provision for Current and deferred tax :

- i). Taxation is provided for under the tax payable method, whereby all income taxes devolving upon the Company are provided for, after considering all eligible allowances and rebates. Any claims by the Revenue Authorities against the Company are evaluated as regards the likelihood of their crystallizing into a liability. Accordingly, the claims are quantified to the extent accurately determinable and the provision recorded or disclosure made depending on the assessment of such likelihood
- ii). Deferred Tax is recognized for all the timing differences. Deferred tax assets are recognized when considered prudent.

i. Foreign currency transactions :

The expenditure and income denominated in foreign currency are converted in to rupees by applying the average yearly exchange rate. Current assets and liabilities denominated in foreign currencies are re-measured as of Balance sheet at the prevailing exchange rates of the reporting currency and any differences are accumulated under “Foreign Currency Translation Reserve” classified under Reserves and Surplus

Exchange differences attributable to the acquisition of fixed assets are adjusted to the cost of the asset.

The operations of the branches at USA and UK are treated as Non integral foreign operations and hence the exchange fluctuation on restatement of foreign currency items is accumulated in Foreign Currency Translation Reserve as per AS-11.

j. Borrowing Cost :

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use or sale.

All other borrowing costs are charged to revenue.

k. Prior year adjustments :

Significant items of income and expenditure, which relate to prior accounting years, are accounted in the Profit & Loss Account under the head “Prior period adjustments” other than those occasioned by events occurring during or after the close of the year and which are treated as relatable to the current year.

l. Inventories :

Inventories are valued at cost.

m. Cash flow Statement :

Cash flows are reported using the indirect method; where by net profit before tax is adjusted for the effects of transactions of a non- cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, investing and financing activities of the Company are segregated.
